

THE *Big Emu Bob*®

**Did you know back in 1932
There was a war on the emu?
They tried to catch this flightless bird
A crazier story, you've never heard.**

**But as these Aussie stars just scattered around
What did they see littered on the ground?
Rubbish, bottles and cans, no less
It broke their hearts to see such a mess**

**So – like an emu – we must make haste
There's now a bigger problem – a war on waste!
Just scamper here & there, singing this song
Have fun like an emu – it won't take long!**

**When we Care for Country, it Cares for You
So, this is what we all must do
Look after our land – it's our job
In Australia, we go on a BIG EMU BOB!**
